The new Early Years Inspection Framework for Childminders

Description

Come and join us for a special briefing for childminders on the new early years inspection handbook for Ofsted registered provision, published in May 2019 and took effect September 2019.

Please bring a copy of the new Early Years Inspection Framework Handbook (ref: 180040) and we will highlight and discuss the main changes.

Key areas include:

- The four judgements - Quality of Education (comprising of Intent, Implementation and Impact); Behaviour and Attitudes; Personal Development; Leadership and Management.
- Ofsted expectations for a setting's self-evaluation and cycle of improvement.
- Less emphasis on data collection and more time considering how nurseries, childminders and other types of childcare provision help young children to learn.
- How young children – particularly the disadvantaged – are thinking and talking about a wide range of experiences that prepare them for what comes next.
- Unpicking 'cultural capital', and what it means when we're talking about very young children.
