An Introduction to Observation, Assessment and Planning

Description

This practical workshop will introduce, explore, re-visit and recap the Observation, Assessment and Planning cycle. It provides time to practice your observation skills, discuss your observations and what makes a good observation, then use your observations to make an assessment and use this information to plan for learning.

What will I learn?

During the workshop, we will:

- Explore Bolton's observation, assessment and planning guidance;
- Discuss what makes a good observation;
- Use the Early Years Outcomes to make an assessment;
- Plan for learning using observations and assessments; and
- Look at example observation/planning formats and evidence of learning e.g. learning journals.

All delegates will receive a copy of the Bolton Observation, Assessment and Planning inserts.

**Delivered by: Bolton Start Well Service,
Quality and Outcomes Team**

Who is this workshop for?
