# Early Years SEND Workshop: Strategies to support children in early years with social communication and interaction needs; early attention and communication

## Description

Many children struggle to give appropriate focus and attention. This training will help you understand the levels of attention and how to improve attention and focus at each stage.

## What will I learn?

This intervention aims:

- To engage attention ready for group learning;
- To improve joint attention;
- To develop shared enjoyment in group activities;
- To increase attention in adult-led activities and improve waiting;
- To encourage spontaneous interaction in a natural group setting;
- To increase non-verbal and verbal communication through commenting;
- To build a wealth and depth of vocabulary; and
- To have fun!

**Delivered by: Ladywood Outreach Service**
